Safety Data Sheets for Quotient Products

To whom it may concern:

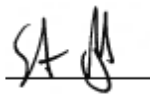

Quotient provide Safety Data Sheets (SDS) for any of our products that meet the criteria for classification as hazardous according to OSHA Hazard Communication Standard 2012 (29 CFR 1910.1200).

Z171U ALBAclone® Anti-M, (LM1) does not require an SDS under this standard.

Please print this exemption letter and file it with your SDS records to prove that an SDS is not required.

All product labelling is product and territory specific and fully complies with all applicable local / national regulations within the territories in which products are marketed and sold. This document is 'for information only' and request that this is considered when customers / end users are preparing their own Standard Operating Procedures.
